Explanation of the 2019 Accountability Summary Report

The accountability system assigns ratings that designate acceptable and unacceptable performance for districts and campuses. In 2018, one of the following ratings is assigned to each district and campus based on its performance on the required indices. Unless otherwise noted, the term districts includes open-enrollment charters.

The Texas Education Agency looks at four areas in determining a school or district’s accountability rating:

Districts and campuses receive an overall rating, as well as a rating for each domain. The 2019 rating labels for districts and campuses are as follows.

- **A, B, C, or D:** Assigned for overall performance and for performance in each domain to districts and campuses (including those evaluated under alternative education accountability [AEA]) that meet the performance target for the letter grade
- **F:** Assigned for overall performance and for performance in each domain to districts and campuses (including AEAs) that do not meet the performance target to earn at least a D
- **Not Rated:** Assigned to districts and campuses that—under certain, specific circumstances—do not receive a rating

Not Rated (NR) indicates that a district or campus did not receive a rating for one or more of the following reasons:

- The district or campus serves only students enrolled in early education (EE);
- The district or campus has no data in the ACCOUNTABILITY SUBSET;
- The district or campus has insufficient data to assign a rating;
- The district operates only residential facilities;
- The campus is a Juvenile Justice Alternative Education Program (JJAEP);
- The campus is a Disciplinary Alternative Education Program (DAEP);
- The campus is a residential facility; OR
- The test documents for either the district or campus were lost in transit between the district and the test contractor.

Not Rated: Data Integrity Issues indicates data accuracy or integrity have compromised performance results, making it impossible to assign a rating. The assignment of a Not Rated: Data Integrity Issues label may be permanent or temporary pending investigation.

Schools meeting at least a D are eligible for 7 distinctions

- Academic Achievement in Reading/English Language Arts (READING)
- Academic Achievement in Mathematics (MATH)
- Academic Achievement in Science (SCIENCE)
- Academic Achievement in Social Studies (SOCIAL STUDIES)
- Top 25 Percent: Student Progress (PROG)
- Top 25 Percent: Closing Performance Gaps (GAP)
- Postsecondary Readiness (PREP)

More information about the ratings and distinctions can be found on the the Texas Education Agency website
