# Explanation of the 2018 Accountability Summary Report

The accountability system assigns ratings that designate acceptable and unacceptable performance for districts and campuses. In 2018, one of the following ratings is assigned to each district and campus based on its performance on the required indices. Unless otherwise noted, the term districts includes open-enrollment charters.

The Texas Education Agency looks at four areas in determining a school or district's accountability rating:

**Met Standard (MS)** indicates acceptable performance and is assigned to districts and campuses that meet the targets on all required indices for which they have performance data.

**Met Alternative Standard (MAS)** indicates acceptable performance and is assigned to eligible CHARTER DISTRICTS AND ALTERNATIVE EDUCATION CAMPUSES (AECs) that are evaluated by ALTERNATIVE EDUCATION ACCOUNTABILITY (AEA) provisions. To receive this rating, eligible charter districts and AECs must meet modified targets on all required indices for which they have performance data.

**Improvement Required (IR)** indicates unacceptable performance and is assigned to districts and campuses, including charter districts and AECs evaluated under AEA provisions, that do not meet the targets on all required indices for which they have performance data.

In a few specific circumstances, a district or campus does not receive a rating. When this occurs, a district or campus is given one of the following two labels.

**Not Rated (NR)** indicates that a district or campus did not receive a rating for one or more of the following reasons:

- The district or campus serves only students enrolled in early education (EE);
- The district or campus has no data in the ACCOUNTABILITY SUBSET;
- The district or campus has insufficient data to assign a rating;
- The district operates only residential facilities;
- The campus is a Juvenile Justice Alternative Education Program (JJAEP);
- The campus is a Disciplinary Alternative Education Program (DAEP);
- The campus is a residential facility; OR
- The test documents for either the district or campus were lost in transit between the district and the test contractor.

**Not Rated: Data Integrity Issues** indicates data accuracy or integrity have compromised performance results, making it impossible to assign a rating. The assignment of a Not Rated: Data Integrity Issues label may be permanent or temporary pending investigation.

To receive a Met Standard or Met Alternative Standard rating, all campuses and districts must meet the following targets on all indexes for which they have performance results in 2018.

Schools meeting a Met Standard rating are eligible for 7 distinctions

- Academic Achievement in Reading/English Language Arts (READING)
- Academic Achievement in Mathematics (MATH)
- Academic Achievement in Science (SCIENCE)
- Academic Achievement in Social Studies (SOCIAL STUDIES)
- Top 25 Percent: Student Progress (PROG)
- Top 25 Percent: Closing Performance Gaps (GAP)
- Postsecondary Readiness (PREP)

*More information about the ratings and distinctions can be found on the the Texas Education Agency website*
